Hi there, I'm **Vinya**, an artist on a journey of exploration and discovery. Welcome to **VINYART ON TOUR!**

As I travel the world, I am constantly seeking inspiration for my art, looking to capture the beauty and essence of diverse landscapes and cultures.

Join me on "**VinyART's inspirational cruise**" as I embark on a quest for inspiration and creativity.

As I prepared for this voyage (my mom invited me), I eagerly anticipated the opportunity to meet new people and explore unfamiliar landscapes. I envision each encounter as a chance to gain fresh insights and inspiration for my art, as I immerse myself in diverse cultures and surroundings. The prospect of connecting with **fellow artists and fellow travelers** fills me with excitement, knowing that each interaction will bring new perspectives and creative energy to my work. Likewise, the thought of witnessing the beauty of different landscapes—from bustling cityscapes to serene natural wonders—fuels my imagination and stirs my artistic curiosity.

I will document my journey through sketches and drawings, capturing the essence of each special moment and location. These sketches will serve as the foundation for future paintings, which will be showcased on my Instagram account. **Follow along** to witness the evolution of my artwork inspired by this transformative voyage, and stay tuned for updates on **pieces available** for purchase, that might remind you of this **wonderful trip** we took together!

Looking forward to meeting you !

Also follow me along at my stupendous vacation home in Sardinia, Italy (Costa Smeralda) - **CASA VINYART**

Here I regularly hold "Art creation Getaway-Weeks" for small groups and also offer the home for vacation rentals starting in May 2024!
